

Our club has been offered a fantastic fundraising opportunity to hold a Bunnings BBQ on **Saturday, 28 March 2015** at their North Geelong store.

The BBQ will be operational between 9 am and 4 pm and we require a minimum of 6 people to operate at all times.

We are asking for members and families from each team to assist in operating the stand on the day. This involves (manning the stall, selling food & drinks &/or cooking the bbq). Full details of duties will be provided closer to the date.

We anticipate that with a few helpers from each team across all levels we can accommodate the operational time slot for the day with little imposition to everyone's weekend.

Fundraising is an integral area in our club's success and allows us to provide further resources and equipment for the enjoyment of our members and progression of our great club.

It is hoped that we can combine as a club representing our community and through a collective effort ensure the success of this day.

Please let your coach know if you can help during your allocated time slot or alternatively if you can help at another time during the day.
